EDUCATION

Bachelor of Technology | 2026
Dev Bhoomi Uttarakhand University
Courses: CN | OS | DBMS | Front-end Development

Senior Secondary Education (12th) | 2022
Shri Guru Ram Rai Public School

Secondary Education (10th) | 2020
Shri Guru Ram Rai Public School

SKILLS

Languages: C++, JavaScript
Web Development: HTML, CSS, Tailwind CSS, React
Others: Linux

PROJECTS

Personal Portfolio Website *(React.js, Tailwind CSS, Vercel)*

- Developed a fully responsive personal portfolio to showcase projects and technical skills.

- Implemented **React Router** for seamless multi-page navigation and optimized performance using lazy loading.

- Integrated a **dark mode toggle** feature and deployed the site using **Vercel CI/CD pipeline**.

- Added interactive UI animations and smooth scrolling to enhance user engagement and experience.

Moovy React App *(React.js, Tailwind CSS, TMDB API, Appwrite)* | *https://moovy-abhay.vercel.app/*

- Developed a modern frontend movie-browsing website using **React.js** and **Tailwind CSS**.

- Integrated the **TMDB API** to enable movie search and display detailed movie information.

- Used **Appwrite** in the backend to manage and display trending movie lists dynamically.

- Designed an engaging and responsive UI for seamless movie discovery and navigation.

Frontend Food Delivery Website – React.js & Tailwind CSS

- Built a responsive food delivery UI using **React.js** and **Tailwind CSS**, optimized for mobile and desktop.

- Developed dynamic components like **Food List, Cart, and Search**, with real-time state updates via React Hooks.

- Implemented **responsive navigation** including a sticky header/footer using Tailwind.

- Followed clean code practices and modular folder structure for scalability and maintainability.

- Used **Git & GitHub** for version control and collaboration during development.

EXPERIENCE

Fundraising Intern | Tare Zameen Foundation (1 Month)

- Conducted **donor research** and created compelling fundraising campaigns.

- Managed **online fundraising platforms** to drive donations.

ADDITIONAL INFORMATION

- Currently exploring **backend development with Node.js & Express.js**.

- Learning **cloud deployment** using **Firebase & AWS**.

- Passionate about **full-stack development** and open-source contributions.
